## Policies

All Support Services are subject to cancellation if minimum capacity is not reached.

Payment or authorization must be received upon receipt of registration document to complete the registration process and reserve your child's spot.

### Camp Only Specifics

Respite/Non Generalization- is funded by your child's CLTS Waiver as a **respite** camp. Therefore the Fees established cover expenses for staffing, admission, travel, and any camp-specific fees. This **WILL NOT** count toward your child's 1:1 ABA treatment hours.

Generalization- is funded by your insurance provider for less-intensive generalization opportunities. Your insurance will be billed directly following the completion of the camp. The small fee established for each camp is paid by you (the parent) as insurance companies will not fund admission or travel expenses. These camps **WILL** count toward your child's 1:1 ABA treatment hours.

\*\*\*Private Pay **ONLY** fees are equal to Respite/Non-Generalization Rates

Our final school year camp will be to the 1000 Islands Nature Center where we can hike, do scavenger hunts and explore their indoor conservatory.
